# Walhampton Weddings

## About us

Set within 100 acres of woodland, lawns, and lakes, Walhampton School is nestled on the edge of Hampshire's New Forest in the charming coastal town of Lymington. Recorded in the Domesday Book of 1086, the estate offers an unrivalled setting - perfect for couples wishing to celebrate their special day. In addition to the enchanting grounds and characterful rooms, guests can enjoy breath-taking views across the Solent towards the Isle of Wight, an idyllic backdrop for your wedding.

## The New Forest

The New Forest, located on England's stunning southern coast, is a haven of natural beauty and rich heritage. Once a royal hunting ground, it now enchants visitors with its ancient woodlands, rolling heathlands, and free-roaming ponies. Dotted with charming villages, cosy pubs, and scenic walking and cycling routes, the area offers endless opportunities for exploration and relaxation. Whether you're seeking peaceful woodland walks, coastal views, or a taste of traditional English countryside life, the New Forest provides the perfect setting for an unforgettable escape.
